

A welcoming facility.

Founded in 1930, Porter Adventist Hospital is known for its compassionate care and dedicated medical and nursing staff. We specialize in **complex medicine, advanced cardiac services, cancer care and surgery**. We offer centers for joint replacement, spine surgery and comprehensive cancer care. We also have a specialized head and neck surgery program, a leading transplant center and cardiac services from prevention to rehabilitation, including minimally invasive robotic heart surgery.

In 2007, we completed a \$110 million expansion and renovation project that added 100,000 square feet to the hospital. The project included a new 36-bed intensive care unit, state-of-the-art surgical suites with 15 new operating rooms, a community education center and new patient amenities including a healing garden, a cafeteria and deli, and a convenient, 640-space parking garage.

A community resource.

At porterhospital.org, we offer all kinds of patient information and resources, including medical and drug resources, in-depth information on services and programs, patient stories and health assessments.

Our ASK-A-NURSE® program provides free health information and physician referrals to the community at **303-777-NURSE (6877)**. Porter staff physicians can sign up to be on the referral list.

Nationally Recognized for Nursing Excellence

Centura Health complies with the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973, and no person shall be excluded from participation in, be denied benefits of, or otherwise be subjected to discrimination in the provision of any care or service on the grounds of race, religion, color, sex, national origin, sexual preference, ancestry, age, familial status, disability or handicap.

Caring for the health and wellness of our community.

Porter Adventist Hospital has an on-site infusion center, an eye lab, a rehabilitation center and a wound care program. We are known for caring for patients with complex and chronic medical conditions.

Our mission: *We extend the healing ministry of Christ by caring for those who are ill and by nurturing the health of the people in our communities.*

Porter Adventist Hospital

Expert care.

The region and the nation are taking note of what we have known for nearly 80 years — Porter Adventist Hospital consistently offers expert care.

- In January 2009, we proudly achieved Magnet® designation for excellence in nursing by the American Nurses Credential Center's (ANCC) Magnet Recognition Program®.
- Porter is consistently ranked as a top hospital nationally for cardiac services:
 - Ranked No. 1 in Colorado for overall cardiac care, cardiology services and coronary interventional procedures by HealthGrades.
 - Named a Blue Distinction Center for Cardiac Care.
 - Achieved Cardiac Center of Excellence designation by United Healthcare.
 - Earned recognition by the American Heart Association for implementing AHA's guidelines for cardiac care.
- Named a Blue Distinction Center for Spine Surgery, and for Knee and Hip Replacement.
- Received the Center of Excellence award from Cigna Healthcare in the areas of coronary bypass grafting, heart valve replacement, total knee replacement and total hip replacement.
